MONEY, STOCKS AND GRAIN

Bears Considered the Signs Good for a United Assault on Shares.

Week's Shipment of Currency from New York West Was \$6,000,000-At Indianapolis a Peg is Knocked Off Corn and Wheat.

THE BOND MARKET.

Railway and Miscellaneous Issues Dull and Heavy on Sales of \$583,000.

At New York, yesterday, money on call was easy, ranging from 7 to 20 per cent., the last loan being made at:0; closing offered at 20.

Prime mercantile paper, 6@8 per cent.

Sterling exchange was weaker, with actual business in bankers' bills at \$4.82% @4.83 for sixty days and \$4.84% @4.85 for demand. The New York stock market was weak and unsettled yesterday. The bears jumped on the market at the opening and depressed prices 4 to 14 per cent., but a rally promptly followed, and for a time speculation ruled tolerably firm. The bank failures out West, however, continued with the stringency in the local money market, and the failure of the Reading plan of readjustments started up a fresh selling movement as the day savanced, and in a few instances important declines were recorded. Lake Shore, Jersey Central, Lackawanna, Manhattan and Sugar yielded 149 to 3 per cent. The losses in the remainder of the list were 401 The dealings were strictly professional, the commission houses being disposed to discourage new ventures by their clients in consequence of the diffiiculty in securing accommodations at banks. The bears considered themselves safe in their attacks on the market because of the liklibood of a heavy falling off in the bank reserves to morrow, the shipments of currency for the weak being estimated at something like \$6,000,000. The decline in Lackawanna and Jersey Central was accelerated by reports that the failure of the Reading plan would preciably precipitate

close the mark-t was wask in tone at a recovery of to is per cept, from the lowest. Railway and miscellageons bonds were dull and heavy. The sales were \$583,000. Government bonds were firmer. State bonds were dull and neglected. Closing quotations were: Four per cent. reg.1094 Lous. & Nash..... 66

Bar Silver-At New York, 8142c per ounce. at London, 38d. This table, compiled by Bradstreet's. shows the bank clearings of various cities for the week ending June 22, and the percentage of increase or decrease as compared with the corresponding week of 1892, in the principal cities:

New York \$600,297,495 Decrease.. 4.0 Chicago 80,442,169 Decrease .. 18.0 81,756,896 Decrease.. 6.5 ********* Phila etphia..... 72,152,528 Decrease...13.5 St. Louis...... 21,964,578 Increase .. 10.7 Baltimore..... 14,293,710 13,643,517 Decrease.. 10.8 Cincinnati 11,964,700 Decrease... 20.8

Indianapolis..... 4,346,489 Decrease.. 12.7 The total clearings in the United States amounted to \$1,033,309,822, being a decrease of 6.6 per cent. Total outside of New York, \$433,012,327, a decrease of 10.2 per cent.

LOCAL GRAIN AND PRODUCE.

Quiet Day in Trade Circles, with Few Fluctuations in Values.

In the wholesale streets trade was not as active yesterday as for several days past, Traveling salesmen, however, brought in good orders and reported a fairly good feeling among the country merchants, money scare not being so much talked of in the country as in the larger towns and cities. Coffees are weak, but the break looked for has not yet come. Sugars are firm. Poultry and eggs are both in good request, and prices are much stronger than early in the week. The Eastern demand is improving. sapecially on poultry. Prices of fruits and vegetables on Commission row vary with the receipts and the quality of the goods. Receipts of the fruits due at this season are not as large as usual, and the grocers have the call on the commission men. Any one who wants fruits must purchase them of grocers, who charge what they please. The local grain market is active. Wheat

went off 'ac, as did several grades of corn. Date advanced be on lighter receipts. Track bids ruled as follows: Wheat-No. 2 red, 60 2c; No. 3 red, 55c; No. 4 red. 51c; rejected, 45@50c; unmerchantable, 35@40c; wagon wheat, 60c. Corn-No. 1 white, 40c; No. 2 white,

CORN SWAMPED THE PITS

Slump of More than a Cent that Dragged Down Both Wheat and Oats.

Receipts of Maize Were 348 Cars, and Nearly Enough Estimated for To-Day to Bring the Two Days' Total Up to 1,000.

TRADING AT CHICAGO.

Little Done in Lard and Ribs and Nothing at All in Pork. CHICAGO, June 23.-Corn broke over

a cent a bushel to-day, dragging down oats and wheat. The occasion of the break in corn was the enormous movement which has started up within two days. The estimate yesterday of 320 cars for this morning was the first sign of a jump in receipts. When the receipts reached 348 cars there was some surprise and some weakness. When the estimate for Saturday was given out at 650 cars the trade was paralyzed. The whole pit turned to the selling side. Early in the session firm cables, heavy shipments of yesterday and liberal out inspection helped to steady the market. If there be any concentrated line on the bull side for Wright or any other manipulater no move was made on the break to indicate it. There was no recovery from bottom prices. There were sales for export of 300,000 bushels of corn here, and New York reported 224,000 bushels taken there, but those operations were not generally known until after the close. The opening was about 4c lower than the closing tigures of yesterday and prices further declined &c. then rallied 4@ &c. again eased off, declining to inside prices, with July be and September selling to a point ac below yesterday's closing, ruled a little steadier and the closing was & @ 120 lower for July and 120 %c lower for September. There was only a light business in wheat and most of that was in the way of buying July and selling September by parties who were operating for the carrying charges. The premium was reduced to 450, and at times barely that much could be obtained. The weakness of the market was due to the slump in corn and the failure of one or two more banks in California. Operators were also afraid of the New York bank statement to-morrow.

Oats weakened with corn and closed at from 12c to 1c lower. Free selling by longs, the heavier receipts and reports of fine weather were the principal bear infinences. A fair general business was transacted.

In provisions the differences between July and September narrowed somewhat, the spread between the two futures in pork being 90c, instead of \$1 per barrel, on the day before. There was a corresponding reduction in the other articles. There was scarcely anything done in the way of fresh business in lard and ribs, and none at all in pork. Prices at the close were a shade over the day's average, and show very little change since yesterday. Freights were dull, with light offerings

of vessel room at 14c for wheat and 140 for corn to Buffalo and Se for corn to Kingston. Estimated receipts for to-morrow: Wheat, 100 cars; corn, 630 cars; oats, 350 cars; hogs, 9,000. The leading futures

BANKERS DISCUSS SILVER.

ments, 5,250. Lambs firm at \$3.50@6.50.

The market was dull and unchanged.

Addresses by James H. Platt and James Rockwell at the World's Congress.

CHICAGO, June 23.—The announcement that the silver question was to be discussed to-day filled the hall of the Art Palace, where the bankers held their congress. The discussion of the great financial problem was a keen one, and was closely followed by the bankers. Both silver and antisilver men were present and spoke for their beliefs. The first speaker was James H Platt, of Colorado. He is a firm believer in silver. In closing his address he said that \$500,000 had been raised in England and was sent over here by a confidential agent for the purpose of securing the demonetization of silver. This amount the agent reported he spent in the accomplishment of his object, and while the speaker disbelieved that the money was used to corrupt members of Congress, the same ob-

ject was attained. James Rockwell, of New York, spoke on "Universal Bimetallism." He declared that gold and silver were commodities, such as wheat, whisky or corner lots, and that their value was regulated by the law of supply and demand. He explained at length the relative values of gold and silver and argued in favor of free comage, and advocated the establishment of a universal clearing house of the world, where the value of gold and silver would be adjusted and their equilibrium maintained He pointed out the advantage there would be in securing and fixing the value of the metals now used for coinage. He outlined meet with the approval of a large majority in the audience.

There was but a short session of the railway commissioners congress. There were few in attendance save those who were scheduled to read papers, and some of them were not present.

In the insurance congress deceptive life policies were discussed by C. J. Blakely, of Topeka, Kan., and 'Insurance Legislation" by George P. Luper, of Pennsylvania. J. C. Richter, of London, Ont., and others Biso spoke. To-night the congress on mercantile cred-

its was opened with addresses by President

Higinbotham, of the world's fair, and others. Victor E. Rhodin described the credit system of Sweeden, and J. J. Grinlinton that of Ceylon. Elsewhere, at a general union meeting, addresses by B. E. Walker on Canada and Her Banking System," by Aldace F. Walker on the "Effect of Competition upon

Call on "The History of American Life Insurance" were made. REAL-ESTATE TRANSFERS.

The expedition will be absent from civilization for nearly two years, and before its

DUN & CO.'S WEEKLY REVIEW

Best Judges Find No Encouragement in the Present Depression.

Issuing of the Clearing House Receipts at New York Had Little Effect Beyond a Narrow Circle and Trade Is Suffering.

NEW YORK, June 23 .- R. G. Dun & Co.'s

weekly review says: The weekly improvement expected from the issue of clearinghouse certificates, thus utilizing credits instead of cash in local dealings, has not yet been realized. Other cities, especially at the West, have not taken similar measures to relieve the pressure, and the demand for money from the interior continues unabated. The volume of trade is considerably reduced by monetary stringency, bank clearings outside of New York declining materially in comparison with last year. In some departments of business orders for merchandise are deferred, since there is no assurance of ability to carry the goods until they are sold, while in other departments orders are not received because the future is disturbed. The effect on theigreat industries has been less thus far than might have been feared, as most of the works are employed on orders booked before the trouble began, but many works are now reducing the number of hands and others must soon suspend operations unless the prospect becomes clearer. In the iron business no improvement is perceived, and pig is as low as ever. While finished products are still in fair demand prices are extremely low. It is thought the closing of some works will reduce the output of pig iron considerably. The wool manufacture is moving with greater caution than usual. At the West, at present, milisare working mainly on past orders. Cotton goods are comparatively quiet, and while shipments of boots and shoes on past orders far ex-ceed last year's, new orders are not encour-

Speculative markets have been much depressed by monetary stringency, wheat having sold for several days at the lowest price ever known here and at Chicago, though the wide margin between June and September offers strong temptation for use of money in carrying. The movement of grain from the farms is large for the season, and by no means indicates exhaustion of stock, and the visible supply decreases so slowly that purchasers are little encouraged. The new harvest already begine, and prospects are decidedly brightened by much-needed rains in the Northwest during the week. Lower prices have increased the export demand, though it is not large enough to make much impression on the enormous stocks in sight. Corn has been weak with more cheering crop prospects, and hog products are lower because of monetary stringency. Cotton sharply declined, but partially recovered with stronger foreign advices.

TRADE FEELS THE PRESSURE. Accounts from othes cities nearly all

show that monetary pressure affects trade materially, that collections are unusually slow and banks extremely cautious in lending, even where they are strongly fortafied. At Pittsburg the volume of the business has somewhat decreased, and the fact that two prominent iron concerns are involved is not encouraging. It is thought the mills in trouble will close, decreasing the output of pig. and a strike regarding wages is also thought more probable. At Cleveland trade is fairly good, but money is close. At Cincinnati atringency makes collections close. At Detroit manufacturers are discharging some employes, with prospect that many must close if stringency continues. Rains have a good effect on growing crops. At St. Paul and Minneapolis prospects are much brighter. Chicago reports no distinct improvement on trade, though July settlements will soon release large sums and an easier market is expected. Speculation is much curtailed, prices for wheat being the lowest ever known. Local securities have shrunk severely and provisions are lower. Clearings show a decrease of 30 per cent.; real estate sales 30 and securities 40, compared with last year. Receipts of nearly all products have decreased. Milwaukee reports money slightly easier. At Omaha trade is good and money plenty. St. Joseph reports slow collections, and Kansas City fair trade and collections. Denver reports tair trade but slow collections. At St. Louis the freight movement is gratifying. Banks are accommodating customers in all regular his scheme at length, and it appeared to | business, but refusing speculators. At Atlants trade is fair for the season, but col-

lections slow and money very close. At Me bile trade is fair but money is tight. The state of foreign trade is not yet satisfactory, for exports of products fall below last year's, at New York, in June, thus far, \$3,600,000, or about 14 per cent., while imports are still somewhat larger than a year ago. Trading in stocks is much affected by monetary conditions and prices have been depressed an average of 25 per cent. a. share, with some selling by foreigners of securities recently purchased. There is hope that July disbursements, the issue of certificates and the increased grain shipment will bring better conditions, but the failures are still numerous and include some of importance. The failures for the week number 287, as compared with totals of 347 last week. For the corresponding week last year the failures were 190.

STATE OF INDIANA, MARION COUNTY, 88, In the Circuit Court of Marion county, in the Socie of Indiana. No. 6740. Complaint to quiet title Sarah A. Richardson, Mary Hinckley et al. vs.

Robert K. Richardson, George Evans et al. Be it known that on the 10th day of June, 1893, the above-named plaintiffs, by their attorney, filed in the office of the Clerk of the Circuit Court of Marion county, in the State of Indiana, their complaint against the above named defendants, and the said plaintiffs having also filed in said Clerk's office the affidavit of a competent person, showing that said defendants, Robert K. Richards n and Fred Hinckley are not residents of the State of Indiana. and that said action is to quiet title to real estate, and to make partition thereof, and that said defendants are necessary parties thereto, and whereas said plaintiffs having by indorsement on said complaint, required said defendants to appear in said Court and answer or demur thereto, on the 4th day of September, 1893; Now, therefore, by order of said Court, said defendants last above named are hereby notified of the filing and pendency of said complaint against them, and that unless they appear and answer or domur thereto, at the calling of said cause on the 4th day of September, 1893, the same being the first ju-dicial day of a term of said Court, to be begun and held at the courthouse, in the city of Indianapolis, on the first Monday in September, 1893, said complaint and the matters and things therein contained and alleged, will be heard and determined in their absence. JOHN R WILSON, Clerk.

IN THE CIRCUIT COURT OF THE UNITED States, for the District of Indiana. On the 9th day of June, 1893, Charles R. Lynde, complainant, vs. The Columbus, Chicago & Indiana Central Railway Co., et al., re spondents. No. 8867.

A. C. Harris, Attorney for Plaintiffs

450.00

100.00

It being shown to the satisfaction of the Court, by affidavit this day filed, that the bill herein is brought to enforce a lieu upon cal and personal property within the District of Indiana, and that Archibald Parkhurst, Trustee, and The Columbus, Chicago & Indiana and Central Enliway Company, defendants thereto, are not inhabitants of said district, nor found there. in, and do not voluntarily appear thereto, and it fur-ther appearing that personal service upon said defendants is not practicable—
It is ordered, that said defendants do appear and plead, answer or demur to said bill, on or before the 24th day of July, 1893; and this order shall be published in a newspaper of general circulation, , rinted and published in said district, once a week for six consecutive weeks prior to the day above named.

United States of America, District of Indiana, sa.:
I. Noble C. Butler, Clerk of said Court, do hereby certify that the foregoing is a true copy of an order this day entered in said Court. Witness my hand and the seal of sail Court, at Indianapolis, in said district, this 9th day of June, 1893. NOBLE C. BUTLER, Clerk.
